

Business Services from ImSanta.Org

ImSanta.Org offers a wide range of services to individuals, organizations and businesses. While our primary activity is providing Santa Claus services during the holiday season, we also provide entertainment services by other characters throughout the year for both adult and child audiences. We have a network of experienced professionals we can call on for multiple events and additional services.

Santa & Mrs. Claus, Atnas the Wizard, Whitebeard the Pirate, Uncle Sam, and others perform for private parties, special events and business promotions. They incorporate magic, storytelling, music, puppetry, balloon sculpting and creative dramatics to match the needs and interests of each situation. For business events, trade shows and company promotions, we can add 30-plus years of marketing and sales experience to the mix to stimulate customer interest, enhance promotions and encourage sales.
